

Declaration of Conformity

We, CGI, declare under our sole responsibility that the following product:

Product	Article number
Paxton RPET wireless charger 10W, Practical, environmentally responsible 10W charger for wireless charging of mobile phones. Made of 100% recycled PET, both the casing and the textile. A beautiful combination. One and a half old PET bottles were recycled to produce this charger. Compatible with all mobile devices that support Qi wireless charging (newest generations Android and iPhone). Input 5V. Output: 5V/2A. Includes micro-USB charging cable and user manual. INFO: If you request samples of this product, you will receive dummy samples. INFO: If you request samples of this product, you will receive a non-functioning "dummy" version of the device. Each piece in a box made of recycled paper.	6482

is fully in conformity with the essential requirements of the relevant EU directives and other normative documents, as mentioned in the overview below. The above article was last tested on December 1, 2020.

EU legislation

(EC) No. 1907/2006	Concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)
(EU) No. 2011/65	On the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS)
(EU) No. 2014/30	Electromagnetic compatibility (EMC)
(EU) No. 2014/53	Radio Equipment Directive (RED)

Standards
